SBSI SCIENTIFIC BIOTECH SPECIALTIES, INC.

June 15, 2026

**TO:**
Lourdes C. Roxas
Finance and Administration Director
Scientific Biotech Specialties, Inc. (SBSI)

Dear Ms. Roxas,

**SUBJECT: OPERATIONAL CASH ADVANCE REQUEST**

This letter is to formally request and support an operational cash advance for my upcoming official company business assignment. I am requesting a total sum of PHP 24,500.00 in my capacity as Senior Field Service Engineer within the Technical Support & Engineering department. This fund will be allocated to cover critical expenses for provincial on-site preventative maintenance, emergency diagnostics, and precision multi-point calibration of the automated clinical chemistry analyzers scheduled from June 21 to June 24, 2026.

To ensure full operational transparency, the total requested amount is estimated to cover the following expenses in paragraph narrative format: transportation (including Manila-to-Cebu roundtrip flight arrangements, emergency tool baggage allowance, local fuel, and highway tolls for equipment transit) at PHP 14,000.00; commercial lodging and hotel accommodations near the deployment site at PHP 7,500.00; and daily subsistence, field meals, or miscellaneous emergency project procurements at PHP 3,000.00. These requirements are strictly vital to achieving the core delivery goals and service level agreements of this authorized corporate operation at Cebu Doctors' University Hospital and Vicente Sotto Memorial Medical Center.

I kindly request the disbursement of these funds on or before June 18, 2026. In accordance with SBSI company regulations, I firmly commit to submitting a complete liquidation report along with all supporting official receipts, and returning any unexpended balance within five (5) working days following the completion of this activity, on or before June 26, 2026. Furthermore, I explicitly authorize Scientific Biotech Specialties, Inc. to deduct the full amount of this advance from my next immediately succeeding payroll should I fail to comply with the standard liquidation timeline.

Sincerely,

_____
Emmanuel S. Santos
Senior Field Service Engineer
Technical Support & Engineering
