SUBJECT: REIMBURSEMENT REQUEST FOR COMPLETED FIELD OPERATIONS

Dear Ms. Roxas,

This letter is to formally request the reimbursement of out-of-pocket expenses incurred during my recent official company travel. As registered under System Ref ID: SYS-REIMB-2026-0894, these expenses were entirely advanced to ensure continuous operations during the critical diagnostic hardware calibration project completed from June 08 to June 11, 2026.

The total reimbursable balance amounts to exactly PHP 6,450.00. This encompasses out-of-pocket land transit costs amounting to PHP 2,150.00; mandatory emergency laboratory hardware accessories procured locally at PHP 3,100.00; and project-related client representation field lunches totaling PHP 1,200.00. All supporting original invoices, validated official receipts, and system logs have been digitized and successfully attached

I kindly request that these validated funds be credited to my registered payroll account during the immediate next disbursement cycle. Thank you very much for your time and continuous assistance.

Sincerely,

_____
